## Testimonials Gaspe 2018

Gary ,

I want to thank you and your team for all the great times, on and off the trail . Robert (driver) is a special person and we were lucky to spend time with you all.

You were rock solid in dealing with all the challenges that a trip of this magnitude involves . I have many new friends and great memories from this trip and can't wait to do it all again .

Also want to thank everyone in our group for working together as a team and looking out for each other .

Luv you guys, Cowboy Al

Hi Gary,

A bit late however Brian and I would like to thank you for the wonderful Gaspe trip we did. Chris (guide) did a tremendous job of guiding us and looking after everybody in our group. I would not hesitate to do another round with him. I also had the privilege to meet Phil (guide) and Robert (driver).

I was very impressed in how the priority was to take care of their group, given there were different levels of experience. They made it work so everybody was happy. You truly have a great team. Keep up the good work. See you soon.

Regards ,

Real Tanguay

Gary:

I wanted to follow up and let you know that I truly enjoyed my week with your tour group. It was quite a diverse group of guys and we all had so much fun together. We saw hard-packed trails, deep fresh snow in the mountains, and lots of great picture opportunities. Furthermore, the guys all came together as a team when needed to handle breakdowns and whatnot. Many thanks to you and your support guy, Robert, for an expertly arranged tour through what many believe is the most beautiful country in the world.
